COURTESY Of Bancroft Library

The Daily Union Vedette.

FRIDAY MORNING, AUG. 24, 1866.

The Future.

It is the misfortune of Brigham Young and his followers to believe that the whole people of the United States, and, in fact, the whole world, have nothing to do but to watch and oppose the few insignificant Polygamists who are gathered together here in Utah, and because nothing has been done, they think they are to be exempt from punishment. We know that the Government has its eye upon them, and when other matters of importance do not intervene it will attend to them. When that time comes, as it surely will, our Polygamous friends will find that the Government does not do things by halves, but makes clean work, as it did with the institution of slavery when the progressive ideas of the people declared that it was a "relic of barbarism." The people of the United States now look upon the institution of Polygamy as a small but very foul blot upon the fair escutcheon of our nation, and whenever they demand that it be removed, it will be obliterated in a somewhat summary manner.

The institution of slavery, although protected by laws and precedents both human and divine, and backed by 8,000,000 people, fell a victim to popular ideas, and so suddenly and effectually was the blow administered that its defenders can hardly realize that their "peculiar institution" has left their grasp.

Through the VEDETTE and other sources the people of the United States are fully posted in regard to the practices of the Polygamists of Utah, and now—to use the language of a distinguished army officer—they only await a favorable opportunity to administer due punishment to the law-breakers of Utah.

Up to the present time the VEDETTE, as a local institution of Utah, has faithfully labored to bring about this object. But now that it is the organ of important interests outside of the Territory, and having succeeded in a measure in awakening the public mind in regard to affairs in this vicinity, its proprietors do not desire in the future to defile its columns by discussing the filthy effusions of the *Tabernacle* and the *Daily Telegraph*. Their nature is such that they cannot be referred to even in the most distant manner without making the VEDETTE unfit for a family paper.

Yet, we wish it to be distinctly understood that we do not yield one iota of the hostility we have ever shown to the doctrine of Polygamy and to its supporters. Every thing concerning this institution will be discussed, fully and fearlessly, and as far the Gentile leaders of this city, who have been so freely and fully slandered by the preachers and writers of the Polygamous clique, they are men whose reputations, established from boyhood up, both in and out of Utah, are such that they need no defence from such assailants as Brigham Young and his subordinates.

Whenever our opponents produce arguments we shall be happy to discuss any question with them. But as for noticing the filth and trash that now make up their sermons and editorials, we cannot do it, as we have other matter of more interest to our readers with which to fill our columns.

From the Platte.

The *Herald* of the 14th gives the following items:

TRAINS PASSING WEST OF KEARNEY.

Aug. 10.—Cond. John Hendley; 31 wagons, 44 men, 36 revolvers, 26 guns; bound for Salt Lake City.

Cond. Albert Thompson; 20 wagons, 30 men, 40 revolvers, 35 guns; bound for Salt Lake City.

Aug. 11.—Cond. Wm. Loring; 20 wagons, 30 men, 25 revolvers, 12 guns; bound for Salt Lake City.

Cond. D. T. Mapes; 20 wagons, 30 men, 30 revolvers, 30 guns; bound for Virginia City.

Aug. 13.—Cond. Joseph S. Rollins; 65 wagons, 65 men, 55 revolvers, 56 guns; bound for Salt Lake City.

Latest advices from Laramie confirm the report of the Indian war having commenced with untold fury.

Another train has just been captured between Reno and Laramie, and the stock run off into the mountains. Some more of Meysadier & Taylor's pretty work.

Gen. Sherman will be here about the 20th—en route to Denver.

The Platte is falling amazingly fast. Teams can cross without difficulty.

Whole trains of emigrants are fleeing from the mountain valleys to the States, on account of the Indian dangers.

From Montana.

Col. Sawyer has arrived in Virginia City with a train of 80 wagons, direct from Sioux City. He had several brushes with Indians killing one or two, but did not loose a man or a head of stock.....S. M. Irwin has leased the Peoples' Theater for the season.....The following is the Democratic ticket, nominated in Virginia City, on the 13th: For County Commissioner, Anson S. Potter; for Councilman, James G. Spratt, W. H. Chiles, D. Tuttle; for Representatives, J. L. McCulloch, John H. Rodgers, John Donegan, Michael Roach, H. Jordan.... The Irwins have just concluded a very successful engagement at Diamond City. Thirty mackinaw boats, carrying 500 passengers, left Ft. Benton within the last few weeks....The fare between Virginia City and Helena has been raised to $20....Acting Governer meagher has called a general election on the 30th of September.

The steamer Peruvian, from Quebec the 11th, arrived.

London, Aug. 20.

The following are the official quotations at the close of business to-day: Consols, for money, 88¼@88¾; Erie, 43¾; Illinois Central, 70; 5-20's 64¾.

London, Aug. 21.

The following are the current prices: Consols, 88¾; 5-20's, 70; Erie, 44¼; Illinois Central, 76¼.

Liverpool, Aug. 20.

Cotton unchanged, sales to-day 10,000 bales; middling uplands 13¾d; breadstuffs market unchanged; tallow firmer.

Liverpool, Aug. 21.

P. M.—United States cotton declined about ⅛ of a penny per pound; sales to-day 8,000 bales; middling uplands closing at 13¾d; mixed corn, 26s 9d; provision market unchanged, except pork, which is declining.

Additional by European mails:

The preliminaries of peace between Austria and Prussia were signed at Nickolsburg on the 25th of July, and proclaimed at Vienna on the 3d of August.

The stipulations are to the following effect:

Austria is to lose no territory except that of Venetia.

The Emperor of Austria recognizes the dissolution of the German Confederation and gives her assent to the new organization, from which Austria shall be excluded.

Austria relinquishes all claim to Schleswig and Holstein, and Prussia is to receive from Austria forty million thalers to cover expenses of the war; but from this sum is to be deducted the amount of indemnity for expenses, which Austria has still a right of exacting from Schleswig and Holstein by virtue of the treaty of October 20, 1864, say 15,000,000 thalers, besides five millions as equal of expenses of maintaing the Prussian army, borne by the country of Austria, occupied by that army until the conclusion of peace, and finally Prussia agrees to gain the consent of Italy to these arrangements as soon as Victor Emanuel obtains full possession of Venetia.

The remaining articles stipulate for the armistice of the armies of the several belligerents as heretofore published.

Chicago, Aug. 25.

The steamer Northern Light arrived at New York yesterday from Aspinwall, $3,000,000 in treasure.

The call for a Soldiers' National Convention to endorse the President's policy names Cleveland instead of Chicago for the place of meeting.

The President is making a large number of appointments, and the Washington specials say that the Philadelphia Delegates are generally going home satisfied.

London, Aug. 22.

Noon—The reported closing of peace negotiations between Austria and Bavaria and Prussia is premature; but negotiations are still in progress and it is believed will be soon brought to a satisfactory termination.

Consols, for money, 88; 5-20's 70¼; American securities firm, with upward tendency.

Liverpool, Aug. 22.

Noon—Cotton unchanged, sales to-day estimated at 10,000 bales; middling uplands 13¼; breadstuffs and provisions unchanged.

Paris, Aug. 22.

It is reported that the Empress of Mexico has failed in her mission. Napoleon refusing to grant the assistance of the French troops prior to their evacuation to quell the insurgents of Mexico. It is further reported with some degree of credibility, that the Emperor Max. will soon return to Europe.

London, Aug. 22.

Eve—Consols declined ¼ and closed at 88⅛; 5-20's closed at 70.

New York, Aug. 22.

By the Persia's mails the account of Guy Fawks' plot to blow up the House of Parliament, reported by the cable, was greatly exaggerated, only 9 pounds of powder and a slow match was picked up by the policeman on duty; its object is not apparent.

The London News announces that the patronage of the Atlantic Cable had become so great that the directors had in contemplation the establishment of a new scale of prices—first, second and third class messages according to priority—the latter to be of the same rates as now charged.

The following are the principal passages of interest in the Queen's speech on the prorogation of Parliament:

Her Majesty has great satisfaction in congratulating the country and the world at large on the successful accomplishment of the great design of connecting Europe and America by means of the electric telegraph. It is hardly possible to anticipate the full extent of the benefits which may be conferred on the human race by this signal triumph of scientific enterprise, and Her Majesty has pleasure in expressing her deep sense of what is due to the private energy which in spite of repeated failure and discouragement has at length for the second time succeeded in establishing direct communication between two continents. Her Majesty trusts that no impediments may occur to interrupt the success of this great undertaking, calculated, as it is undoubtedly, to cement yet closer the ties which bind Her Majesty's North American colonies to their mother country, and to promote the unrestrained intercourse and friendly feeling which it is most desirable should subsist between Her Majesty's dominions and the great republic of the United States.

New York, Aug. 22.

The Post's money article says: Gold is excited to-day, and the supply of coin is held firmly. The loan market is more active. The stock market is quiet and irregular. Governments are less inquired for among investors, but all Government securities offered are bought by strong parties at full rates. Cotton drooping at 34½@35½. Flour dull, and 10@15c. lower, trade brands closing dull. Wheat dull and drooping. Wool quiet, without change; domestic fleece, 50c, South American, 40c, and Cape, 23½@26c.

Washington, Aug. 22.

The appointments to office of those who support the President's policy are being made in daily increasing numbers, chiefly under the Internal Revenue Bureau.

Gen. John L. Swift, who was a delegate to the Philadelphia Convention, is appointed Naval Agent at Boston, vice Gooch, who resigned his seat in Congress to take that position last year. It is also rumored that Geo. Lunt will be appointed Postmaster at Boston.

The Treasury Department has received a draft on the Baring Brothers in England for £11,844, being the proceeds of the sale of the Confederate privateer Shenandoah.

The President has directed a pardon to issue to Charles M. Conrad, late member of the rebel Congress.

The question of the health of Jeff. Davis is again much agitated, and Mrs. Davis has written to a friend in Georgia that he will surely die in a few months. Assis't Surgeon-General Crane has been sent to Fort Monroe to make a full investigation and has had long interviews with the prisoner, but with what result will not be known until officially promulgated.

A letter from Seward to Minister Kilpatrick at Chili is published, setting forth the policy of the United States, concerning wars in adjoining republics. He says:

We maintain that the republican system which is accepted in any one of these States shall not be wantonly assailed; that it shall not be subverted as an end of lawful war by European powers in war waged between nations in friendship with ourselves, if they are not pushed like the French war in Mexico, to the political point mentioned, we do not intervene. Spain assured us that she would not carry her war with Chili to that point, and we are ready now and henceforth to hold Spain to this agreement, if found necessary.

Mr. Seward shows at some length that this policy is one of strict neutrality and friendship, and one which has governed the United States from the time of Washington.

Baltimore, Aug. 22.

The Unconditional Union party, holding a Congressional Convention to day, have renominated Jno. L. Thomas in the 2d district and Francis Thomas in the 4th. J. J. Stewart, now Assessor of Internal Revenue, was nominated in the 3d District.

Pottsville, Pa., Aug. 22.

General James Nagle, a hero of the Mexican and late war, died this morning.

New York, Aug. 22.

The cholera is rapidly disappearing here and in western cities. Only seven deaths are reported in this city to-day and three in Brooklyn

From California.

(From the Enterprise.)

San Francisco, Aug. 16.

Gold yesterday in New York was 151¼; sterling, 107½@107¾. The rise in gold is attributed to the accumulation in the Treasury and the refusal of the Secretary of the Treasury to throw it upon the market. Greenbacks fell today to 70, selling at 70¼. This has troubled numerous time sellers among the brokers, and caused some failures.

The firm of Scott & Glover, brokers, was attached by the Sheriff this morning.

Two more steam engines for the Paid Fire Department arrived by the Sacramento.

Mrs. DeWolf paraded the streets for some time to-day in a somewhat modified suit of pants and jacket, and attracted a large crowd. At length one of the spectators touched the item of her garment which was near the place where the skirt of a gentleman's box coat usually comes, when DeWolf, who was leading her about, turned on him and struck him several blows with a cane. DeWolf was arrested for assault and battery.

The Maguire-DeYoung libel case has been before the Police Court all this afternoon and goes over again to Tuesday next.

Only 400 persons remained in Acapulco, exclusive of the garrison, and the French appeared about to leave. There is much fever in the city. The frigate Venus, which went up the coast in search of native troops to replace the garrison, returned without a man.

San Francisco, Aug. 17.

About half past two this morning the Summer Street House, on Summer street above Montgomery, fell down with a terrible crash. The house was a three-story brick, occupied by J. Brewster, jr. as a boarding-house. There were thirty or forty occupants in the house. Six persons were killed and fifteen injured, some of them fatally. The cause of this horrible catastrophe was the undermining of the wall in excavating for the foundation of a new addition to Odd Fellows' Hall. The fire department was called to the scene, and began to rescue the wounded, when another wall fell, crushing a number of fireman and others.

The Daily Union Vedette

Local and Miscellaneous.

ADVERTISERS.—The VEDETTE is the only daily newspaper of Utah. Its immense circulation in every mining camp and city of Montana and Idaho, (to which it gives the telegraphic dispatches a whole week ahead of the mail papers,) makes it the most advantageous medium for advertising in these four central territories.

J. GOLDRICK, travelling solicitor, for subscriptions and advertisements, throughout the Pacific States and Territories.

HORACE GREELEY is rusticating for a few weeks in the White Mountains.

Sir Edward Bulwer Lytton is to be made Lytton and a peer.

Four Baltimore firemen have their lives saved by the city for $2,500 each.

The once-famous "Ellsworth Zouaves," of Chicago, are fast running down. The organization now only numbers fifty members.

RETURNED.—Mark Twain, the spicy correspondent of the Sacramento *Union*, returned to San Francisco from his Sandwich Island trip.

FIRE BRICK.—We learn that a ledge of Fire Stone of the very finest quality has been discovered in the immediate vicinity of the Stockton Mines. This will furnish a full supply of fire brick for mining purposes, which is a very important.

LAID UP.—The steamer Shoshone, which used to run on the Upper Snake River, has been laid up on account of the scarcity of wood. The lack of fuel must ever be a serious obstacle in the way of navigating the Snake River.—*Walla Walla Statesman.*

A MAN named Perry, was recently caught by Indians near Ruby City, Ida. A wooden pins driven through his body into the ground, and then his arms and legs cut off, in which awful condition he was found. Oh, the poor persecuted Indian.

THE Republican nominees for Congress in Wisconsin are Halbert E. Payne, Lamar C. Sloan, Amasa Cobb, C. S. Hamilton, Philetus Sawyer, and C. C. Washburn.

WIND RIVER.—From our Idaho and Montana exchanges we learn that several large prospecting parties are about entering those Territories for the Wind River country. All reports thus far received from that region have been highly favorable, and we would not be surprised if they found a "big thing."

COLORADO ELECTION.—The *News* of the 16th says that returns received up to that date give Chilcott, the Union candidate for delegate, 88 majority, and it is more than possible that he is elected *instead of* Hunt, the Administration candidate.

HELENA MARKET.—We obtain the following quotations from the wholesale market reports of our Montana exchanges of the 14th: Flour (St. Louis) $16@ ditto (Salt Lake) $13@13.50; bacon 45; sugar 35@37; coffee 40@46; 1.30@2.25; tobacco 1.00@1.25; canned peaches (per case) 2 doz. $16; oysters per case $18; nails per 100 lbs $28 @; whiskey $5.50@8.

PLACER DIGGINGS.—We are authorized to state that, what are apparently, rich placer diggings have been found within less than twenty miles of this city. Competent parties are busily engaged in developing them and in a few days we will give our readers more definite information in regard to them. If they are as rich as is indicated they will be a rich thing for this city.

A city editor, who is a bachelor, having said in his last issue that he really wished he had a son, so that he could dress him up in the fashion, was called upon the next day by his adorable, to whom he had been paying his distresses for the past two years, who asked if he really said that. "Certainly I did, my dear." "Well, Jimmy," said she, "*why don't you make arrangements for one?*" Our friend says it was the first time he was ever cornered. He was so horrified that he went right away to the parson's.

The Colorado *Register*, of the 16th, says a squad of Indians, the week previous, stampeded at Pole Creek, twenty-one horses, belonging to a party of Californians who were returning to Missouri. The following day the owners pursued them and killed three Indians, recovering a portion of their stock. A fight is reported to have taken place between the Sioux and Pawnees, which resulted in the defeat of the former. They are preparing for another fight. Ranchmen are preparing, all along the road, for another Indian war.

THE Polygamists' organ of this city, which could not live a day but for the patronage of Gentile advertisers, comes out with a long article in which it advises Mormons to buy of Mormons, and to bestow their patronage upon those whom the *Telegraph* calls their enemies. The *Telegraph* would never have been started or sustained but for the money brought into this country by Gentiles; and to-day go through Main street and note the improvements going on, and you will find that nine-tenths of the buildings being erected are to be occupied by Gentiles—the very men upon whom the Mormons have grown rich, and who in many cases have saved them from actual starvation.

From Idaho.

Private advices from Idaho indicate the reelection of E. D. Holbrook, the Democratic candidate for delegate to Congress. Idaho City gave him 300 majority.... The *Statesman* gives the following election returns: Ada County, 91; Boise County, (about) 640, and Owyhee 150 majority for Holbrook, the Democratic candidate.... The *Index* has reduced its size.... All of our Idaho exchanges report the crops coming in finely.

IN Brooklyn, New York, in the First District, besides Theodore Tilton, S. B. Crittenden and H. R. Pierson, President of the City Railroads, are spoken of as Republican candidates for Congress; on the Democratic side, Isaac Van Arden, proprietor of the Brooklyn Eagle, and F. E. Driggs. In the other district, Demas Barnes, the great S. T.—1860—X. druggist and millionaire, will probably receive the Democratic nomination, and be, of course, elected.

THE surveying party of the Omaha branch of the U. P. R. R. under Capt. P. T. Brown, broke camp yesterday, and started across the Platte to continue the survey into the mountains. We understand that the Berthoud Pass will be first examined, and if the season will permit Boulder Pass will also be visited. The surveying party consists of twelve men with an escort of thirty soldiers. Another surveying party from the Omaha branch of the U. P. R. R. are out north in the direction of the Cheyenne Pass, under the command of Chief Surveyor Evans.—*Denver Gazette*, 15th.

J. E. LYON & Co. have purchased 200 tons of galena ore at Georgetown, and will shortly commence hauling it to their works at Black Hawk; and this while there are scores of equally valuable veins in our own country that need only to be worked to supply even their most extravagant demands. Meantime we are without money, without business, or any other element that characterize live communities.—*Colorado Register*, 16th*t*

JOE. Roberson, Esq., the deservedly popular agent of the Holladay Overland Mail and Express Co., at Salt Lake City, arrived in our city Wednesday evening last. He was welcomed by a host of friends. During the many years he has been at Salt Lake he has given universal satisfaction. We hope he will remain with us here for some time.—*Montana Radiator*, 11th.

A down-east editor, in describing a country dance, says: "The gorgeous strings of glass beads glistened on the heaving bosoms of the village belles like polished rubies resting on the delicate surface of warm apple dumplings."

"FIRST class in sacred music, stand up. How many kinds of metre are there?"

"Three, sir—long metre, short metre and *meet her* by moonlight alone!"
